I've been alone with you inside my mind
And in my dreams I've kissed your lips
A thousand times
Sometimes I see you pass outside my door
Hello, is it me you're looking for?

I can see it in your eyes
I can see it in your smile
You're all I've ever wanted, and
My arms are open wide
'Cause you know just what to say
And you know just what to do
And I want to tell you so much
I love you

I long to see the sunlight in your hair
And tell you time and time again
How much I care
Sometimes I feel my heart will overflow
Hello, I've just got to let you know

Chorus:
'Cause I wonder where you are
And I wonder what you do
Are you somewhere feeling lonely
Or is someone loving you?
Tell me how to win your heart
For I haven't got a clue
But let me start by saying
I love you
Hello, is it me you're looking for?

(Repeat Chorus)

She knows when I'm lonesome
She cries when I'm sad
She's up in the good times
She's down in the bad
Whenever I'm discouraged
She knows just what to do
But girl, she doesn't know about you
I can tell her my troubles
She makes them all seem right
I can make up excuses
Not to hold her at night
We can talk up tomorrow
I'll tell her things that I wanna do
But girl, I cannot tell her about you

Chorus:
How can I tell her about you?
Girl please tell me what to do
Everything seems right whenever I'm with you
So girl, won't you tell me
How to tell her about you?

How can I tell her I don't miss her?
Whenever I'm away
How can I say it's you I think of
Every single night and day?
But when is it easy tellin' someone we're thru
Ah, girl, help me tell her about you

(Repeat Chorus)

I can tell by your eyes
That you've probably been cryin' forever
And the stars in the sky
Don't mean nothing to you, they're a mirror

Chorus:
I don't want to talk about it
How you broke my heart
If I stay here just a little longer
If I stay here won't you listen to my heart

Oh.....my heart
If I stand all alone, will the shadow
Hide the colour of my heart
Blue fall the tears, black fall the nights
Still the stars in the sky
Don't mean nothing to you, they're a mirror

(Repeat Chorus)

You packed in the morning, I stared out the window
And I struggled for something to say
You left in the rain without closing the door
I didn't stand in your way

Now, I miss you more than I missed you before, and now
Where I'll find comfort, God knows
'Cause you left me just when I needed you most
Left me when I needed you most
Now most ev'ry morning I stare out the window
And I think about where you might be
I've written you letters that I'd like to send
If you would just send one to me
'Cause I need you more than I needed before, and now
Where I'll find comfort, God knows
'Cause you left me just when I needed you most
Left me just when I needed you most

(Repeat verse)

Now, I love you more than I loved you before
And, now where I'll find comfort, God knows
'Cause you left me just when I needed you most

We’re gon-na rock rock rock till broad daylight
We’re gon-na rock gon-na rock a-round the clock to-night

When the clock strikes two and three and four
If the band slow down we’ll yell for more

We all came out to Montreux on the Lake Geneva shore line
To make records with a mobile
we didn't have much time
Frank Zappa and the Mothers
were at the best place a-roto
But some stupid with a flare gun
burned the place to the ground
Smoke on the water, fire in the sky
Smoke on the water.

They burned down the gambling house
It died with an awful sound
Funky and Claude was running in and out
Pulling kids out of the ground
When it all was over
We had to find another place
But Swiss time was running out
It seemed that we would lose the race
Smoke on the water, fire in the sky
smoke on the water

We ended up at the Grand Hotel
It was empty cold and bare
But with the Rolling truck Stones thing just outside
Making our music there
With a few red lights and a few old beds
We made a place to sweat
No matter what we get out of this
I know we'll never forget
Smoke on the water, fire in the sky
Smoke on the water.
Sometimes When We Touch

Words and Music by Dan Hill
Arranged by Andy Pok

OP: Colgems EMI Music Inc

You ask me if I love you and I choke on my reply
I'd rather hurt you honestly than mislead you with a lie
And who am I to judge you on what you say or do
I'm only just beginning to see the real you

Chorus:
And sometimes when we touch the honesty's too much
And I have to close my eyes and hide.
I wanna hold you till I die till we both break down and cry
I wanna hold you till the fear in me subsides

Romance with all its strategy leaves me battling with my pride
But through the insecurity some tenderness survive
I'm just another writer still trapped within my truths
A hesitant prize fighter still trapped within my youth

(Repeat Chorus)

At times I'd like to break you and drive you to your knees
At times I'd like to break through and hold you endlessly

(Repeat Chorus)

(I) Follow the Moskva
Down to Glory Park
List'ning to the wind of change
(A) August summer night
Soldiers passing by
List'ning to the wind of change

Take me to the magic of the moment on a glory night
Where the children of tomorrow dream away
In the wind of change....Oh

Walking down the street
And distant memories
Are buried in the past forever
Followed the Moskva
Down to Glory Park
List'ning to the wind of change

Take me to the magic of the moment on a glory night
Where the children of tomorrow share their dreams
with you and me

The wind blows straight into the face of time
Like a storm-wind that will ring the freedom bell for peace of mind
Let your balalaika sing
What my guitar wants to say

(The) world is closing in
Did you ever think
We could be so close like brothers
(The) future's in the air (can) feel it ev'ry where
Blowing with the wind of change

Take me to the magic of the moment on a glory night
Where the children of tomorrow dream away
In the wind of change.....Oh

Walking down the street
And distant memories
Are buried in the past forever
Followed the Moskva
Down to Glory Park
List'ning to the wind of change

Within You'll Remain
Words and Music by Tokyo Square
Arranged by Andy Pok
Facing the world with an empty heart
I could disappear into the dark
But you were the one
Who could make my dreams come true
My dear it's you

* When you're not around my heart stood still
Within you'll remain
And always will

** (Wo ai ni) I love you
(Wo ai ni) I need you
More than I ever did anyone
I never felt like this before
(Wo ai ni) I want you
(Wo ai ni) I need you
We could be two lovers from the past
And the future is our chance

(Repeat * and **)
