Пособие содержит разноуровневые задания, составленные с учетом лексико- грамматического материала учебника по английскому языку для 5-го класса в 2-х частях (авторы: Л. М. Лапинская, Т. Ю. Секржова, А. И. Калищенко, Н. М. Седунова). Тесты можно использовать для тематического и промежуточного контроля знаний.

Адресовано учащимся учреждений общего среднего образования, учителям английского языка для использования вне образовательного процесса.

Предисловие

В пособии представлены задания по лексике и грамматике английского языка, предназначенные для учащихся 5 классов.

Их можно использовать для различного вида контроля знаний (тематического, промежуточного). Каждый тест состоит из пяти заданий, что соответствует пяти уровням усвоения учебного материала, которые отвечают требованиям десятбалльной системы оценки учебных достижений учащихся. Задания необходимо выполнять последовательно, начиная с первого. Каждое задание оценивается в 2 балла.

С целью определения степени выполнения задания используется тот или иной коэффициент. Например, если в задании 1 вопрос и ответ правильный, то используется коэффициент 0,2 и соответственно 2 балла (0,2 x 1 = 2). Если в задании 5 вопросов, то используется коэффициент 0,4. Это означает, что при правильных ответах на все вопросы учащийся получает 2 балла (0,4 x 5 = 2), при 4 правильных ответах — 1,6 балла (0,4 x 4 = 1,6) и т. д.
