Greetings Friend and Fellow Guitarist!

I'd like to start of by saying thank you for purchasing this instructional DVD. I very much hope that it will bring you countless hours of enjoyment playing the guitar.

Essentially I will show you how I play these arrangements.

I had to strike an intuitive balance between 1) the notes sung and played by Stevie 2) a comfortable way to play it on guitar 3) deciding what to leave in, or leave out.

These are in a constant state of evolution...who knows what they'll sound like in a few years! I am always looking to polish, improve...and groove!

Left Hand:
Index = 1 Middle = 2 Ring Finger = 3 Pinky = 4
"HB" means "Hinge Barre" - use the inside part of your finger closest to palm to fret the note. Easier than a full barre.

Right Hand - Down stems in the notation indicate thumb.

"BS" means "Back Strike" - hit the strings with the back of the right hand finger. No BS, I promise :-) 

Please watch video for other right hand fingerings. The right hand is different and personal in approach, so experiment and find what feels good for you.

In parting, I will now tell you what my teacher Mike Longo said to me many times. "Go and play pretty for the people!

Much Love,

Adam, I just got the video today, and just finished watching it all the way through. Fantastic!! I can't get over how good it is!

The close-up on the hands and inset of picking is great, and makes it all very easy to follow.

I watched while you spoon fed the lines to me and it worked perfectly.

No problem keeping up with what was happening. Has that relaxed feel like you are there in the same room.

I have a gig tonight, and feel really inspired to play.
Thanks, -Kurt"

How You Can Develop Virtuoso Picking Technique - Quickly and Easily...

Have you been wanting to improve your guitar technique but just didn't know how to do it?

Your Problem is Solved...

This book will provide you with a 15 minute routine that will have you gliding through lightning fast solo passages easier than you could ever imagine!

This easy to follow, step by step approach is so simple that even a child could do it!

“Dear Adam,

With the time I spent working on Exercise one, it has already paid off.

Last Saturday night I played a gig with my regular top 40 band and I was more relaxed on the up tempos.

Speed wasn’t an issue that night.

The bass player, who is very critical, commented that it was like I was ‘On Fire’.

I work a 50 hour a week job and have a family so I get in a little over an hour a day on average practicing and this is now part of my routine. Thank you!!!”

Greetings Fellow Guitar Player!

It gives me great pleasure and joy to teach you the guitar and musical concepts and secrets I have learned over the years.

I have been very lucky to have the opportunity to study and play with some of the greatest musicians on the planet, from fingerstyle, to classical music to blues to jazz, and I look forward to passing as much on to you as I can.

Two things that my great teachers taught me are that 1) there are no shortcuts, but 2) it’s easy when you get the right information!

I made a “pact” with myself anytime I’d feel the “elation and delight” of unraveling musical mysteries, that I’d pass the knowledge on as best I can.

This is the process of how music and learning evolve. Each generation builds on the information from the previous one and this continually raises the standard of excellence.

I also made a pact that I’d be a teacher (for you) that the “proof would be in the pudding”. I.E. - you’d want to learn from me because you actually love the music you hear come out of my fingers!
No matter what anyone’s level of talent is, we all need teachers and people who have seen things we haven’t, and basically “been around the block” more than we ourselves have.

Your excellence matters to me. Your level of joy and creativity matters to me. Your happiness matters to me! And I thank you for entrusting me to share my knowledge with you.

I am here to coach you, teach you, kick your butt and show you how excellent you can be. Feel free to call or email me anytime for lessons, coaching, questions or just to say “Hi!”

As well, if you have any questions about any of my online lessons or guitar educational products, call me.

I am here to help YOU realize your true excellence on the guitar, in music and in life!

With Warmest Regards,

A Message from Adam:

I'd like to thank you for purchasing this instructional DVD. I sincerely hope that it brings you and your listeners hours of musical enjoyment.

You'll enjoy learning and practicing these great songs. I promise that with practice you'll be a "hit" wherever you play these, whether it's for yourself, at home for your family, at a local gig, even a concert.

The Story Behind the "Stevie" DVD's...

It was almost 6 years ago that I took my first "stab" at a Stevie Wonder tune on solo guitar - "I Wish."

This tune led to the next - an arrangement of "Superstition" which racked up a little over a million YouTube views in a very short time. I got (and still get) emails requesting tabs every day!

After a few more tunes came "Overjoyed" and "Sir Duke". More tab requests came in. (over)
Then came the idea of a fully licensed instructional DVD - and Volume One of my “How To Play Stevie Wonder for Solo Fingerstyle Guitar” series was born!

After finishing the first DVD, my love for Stevie’s music made me reach for more of his tunes.

It only followed that “Isn’t She Lovely” would be a great choice because it’s one of my favorites. History repeats itself… it also became a “favorite” of viewers on my YouTube channel… tab requests started pouring in, again!

“Higher Ground” is the groove machine tune; “My Cherie Amour” is young jazzy Stevie in his 1960’s prime; “You Are the Sunshine of My Life” is one of the greatest pop songs of the 20th century. Music doesn’t get better than this!

When I realized that I had 4 more great Stevie tunes that people wanted to learn, it was time to create Volume II of the Stevie Wonder series!

It gives me a great feeling of joy to pass these arrangements on to you. They have been “road tested” on many gigs, concerts and festivals. Timeless melodies such as these will help you “connect” with your audience in a deep way.

Treat them with lots of love, and make sure you always play with a groove. Get your listeners tapping their toes, and you’ll be in good shape!

Please feel free to send me an email anytime at adam@adamrafferty.com. Can’t wait to hear from you!

With Warmest Regards,

Adam

P.S. I look forward to seeing your video versions of these songs!
