**Introduction**

*Family and Friends* is a complete seven-level course of English for children in primary schools. It uses a clear grammar-based curriculum alongside parallel syllabli in skills and phonics. In this way, children develop the confidence and competence to communicate effectively in English, as well as understanding and processing information from a wide range of sources. *Family and Friends* combines the most effective literacy techniques used with native English speakers with proven techniques for teaching English as a foreign language to children.

Children have different learning styles. Some learn better by seeing (visual learners), some by listening (auditory learners), some by reading and writing, and some with movement (kinaesthetic learners). *Family and Friends* uses all of these approaches to help every child realize his or her potential. *Family and Friends* also looks beyond the classroom and promotes the values of family and friendship: co-operation, sharing, helping, and appreciating those who help us.

This level of *Family and Friends* includes the following:

- Class Book with Student MultiROM
- Workbook
- Teacher's Book
- iTools (digital class resources)
- Audio CDs
- Alphabet Book
- Teacher's Resource Pack containing:
  - Photocopy Masters Book
  - Testing and Evaluation Book
  - Words flashcards
  - Phonics cards
  - Phonics poster

**Methodology**

**Words and grammar**

New words are introduced in relation to each unit's topic or theme. They are presented in the Class Book with support from the flashcards and recordings and are then practised with chants, songs, and motivating classroom games and activities.

The children are first exposed to the new grammar items alongside the key words in the unit stories. They then move on to focused grammar practice, which is reinforced with a range of spoken and written activities.

**Reading and writing**

*Family and Friends Starter* offers a carefully graded introduction to reading and writing. For more details see page 10.

**Phonics**

Phonics teaches the relationship between letters / letter combinations and the sounds they make. The study of phonics enables children to decode new words, thereby improving reading skills and helping them to grasp spelling and pronunciation patterns quickly.

*Family and Friends* draws on the principles of synthetic phonics, in which sounds and letters are combined to form whole words (i.e. synthesis).

Each unit contains two phonics lessons. Children learn the sound and letter form of initial sounds so they associate sound and letter.

**Stories**

Every unit contains a story which provides a fun and motivating context in which the new language appears. We meet a happy extended family and see the amusing adventures of Rosy, her cheeky one-year-old brother Billy, and her cousin Tim.

The stories also provide ideal scenarios for practising and reviewing language structures and key words in a cyclical manner.

**Songs and chants**

Every unit in *Family and Friends* contains two songs for children to practise the new language, as well as vocabulary and phonics chants.

Melody and rhythm are an essential aid to memory. By singing, children are able to address fears and shyness and practise the language in a joyful way together. They are also fun and motivating activities and are a good opportunity to add movement to the lessons.

**Drama and Total Physical Response (TPR)**

Students of any age, especially kinaesthetic learners, benefit from associating language with movement and actions. The more the body is involved in the learning process, the more likely the student is to absorb and retain the information. For this reason, children are taught series of actions to accompany the stories and songs.

In *Family and Friends* the children are also given the opportunity to act out the stories with simple drama activities. One of the main obstacles to language learning at any age is self-consciousness. Drama, by appealing to the imagination, is an excellent way for children to 'lose themselves' in the story, thereby increasing their communicative ability. Like other skills work, drama helps children to communicate and be understood. By developing performance skills, they practise and become fluent in expressing real-life situations, starting with the story in the classroom and then moving on to real-world contexts.

**Games and optional activities**

Games provide a natural context for language practice and are very popular with children. They promote the development of wider cognitive skills such as memory, sequencing, motor skills, and deductive skills. If required,
all the games in *Family and Friends* can take place at the children's desks with a minimum of classroom disruption. Suggestions for optional activities are included in the teacher's notes for every lesson. They can be used according to the timing and pace of the lesson and their appropriacy to the children in the class. Typically, optional activities are games and TPR activities that allow children to respond to the new vocabulary and sounds they are learning in a way that is fun and motivating. Games used frequently as optional activities are detailed on the *Flashcards and games* pages. For activities which involve drawing and colouring in, it is suggested that children work in groups to share craft materials.

**Review units**

After every three units there is a Review unit. These are shorter units of exercises which provide additional practice of the vocabulary and structures presented in the three preceding units. No new material is presented or practised in these units. They can be used as a progress test to check that children have remembered what they have learned. A complete answer key can be found on page 84 of the Teacher's Book.

**Values**

Values, which can also be called civic education, are a key strand in *Family and Friends*. Teaching values is important as it focuses on the whole child, not just language skills. It improves children's awareness of good behaviour, and how their behaviour and attitudes can impact on the people around them and their environment.

Areas for values teaching include helping children to understand about:

- Community, e.g. agreeing and following school rules, understanding the needs of people and other living things, understanding what improves and harms their environment, contributing to the life of the class and school.
- Health and hygiene, e.g. understanding the basics of healthy eating, maintaining personal hygiene, rules for keeping safe around the house and on the road.
- Interacting with others, e.g. listening to other people, playing and working co-operatively, sharing, identifying and respecting the differences and similarities between people, helping others in need.

Values are highlighted throughout the course in various places:

- In the 10 Values worksheets in the Photocopy Masters Book (PMB) one per unit.
- In the exemplification of good behaviour throughout the course, in particular in the Class Book stories and their characters.
- In the co-operative learning activities throughout the course, which encourage children to work together and co-operate in order to complete activities.

**Testing and evaluation**

Children's progress can be evaluated through ongoing assessment, self-assessment, and formal testing.

The Testing and Evaluation Book offers:

- suggestions for ongoing classroom evaluation.
- an evaluation sheet to keep a record of children's progress.
- suggestions for encouraging children to self-evaluate.
- 10 unit tests.

**Multimedia**

**Student MultiROM**

The Student MultiROM contains:

- *Listen at home* target language, songs, and phonics chants for children to practise at home. They can be played on a CD player, or on a computer using the audio player. (A full list of tracks can be found on page 23 of the Teacher's Book.)
- Computer-based interactive activities which practise the vocabulary, grammar, and phonics from each unit, and karaoke versions of the songs for children to sing along to.

**Family and Friends iTools**

*Family and Friends* iTools is a CD-ROM which contains digital class resources and make your own resources. All the digital class resources on the iTools can be used interactively, either on an Interactive Whiteboard (IWB) or on a computer. These include:

- vocabulary presentation and practice.
- frame-by-frame story presentation.
- grammar presentation and practice.
- phonics presentation and practice.

**Picture dictionary**

A picture dictionary is provided on pages 70-72 of the Class Book for children to refer to whenever necessary. A suitable point to use the Picture dictionary would be at the end of Lesson 1 of each unit, after children have been exposed to all of the vocabulary from the unit.

**Readers (levels 1–6)**

Research shows that the more you read, the better you become at English. The dedicated reading sections in the Class Book and Workbook focus on reading shorter texts intensively, but it is also important for students to learn to read extensively, approaching longer texts at their own pace. Students should read at the right level, with language that is appropriate for their abilities and knowledge.

The *Family and Friends* Readers are designed for extensive reading. The stories vary between classic fairytales and modern-day stories which focus on children's lives today. They contain approximately 100 core headwords (500), and correspond with the vocabulary and grammar syllabus of the course books. They also contain integrated activities which can be used either in the classroom or for homework.
Grammar Friends

The Grammar Friends series can be used alongside Family and Friends 1–6 as an additional resource to provide more written grammar practice. The words and grammar used in each unit match the words and grammar taught in the Class Book. As in Family and Friends, the everyday activities of the members of an extended family and their friends provide the contexts for the presentation and the practice. The grammar rules are presented very simply, and enable children to build up a picture of the grammatical system step by step. It can be used in class or at home.

There is a CD-ROM containing additional interactive exercises and multiple-choice grammar tests with each Student’s Book. A Teacher’s Book for each level contains the answers to the exercises, notes on the units, and tests.

Alphabet Book

The Alphabet Book provides structured, contextualized practice in recognizing and forming upper- and lower-case letters. It can be used before starting Starter for children who are less familiar with the alphabet, or alongside Starter for children who need extra practice working with letters.

Handwriting

The handwriting section on pages 70–72 of the Workbook provides an opportunity to practice writing the upper- and lower-case forms of all the letters of the alphabet and the numbers in digit form. As with the Picture dictionary, these pages can be used in class or at home.

Drama in the classroom

How to present the stories

Each story is presented at the end of every unit and has a receptive and productive stage. In the first stage (receptive stage), children listen to the story and follow it in their Class Books. In the second stage (productive stage), children listen again and act it out.

It should be noted that children are not expected to repeat or produce all the language of the stories in the first four units. The notes for these units provide ideas for what children can do to act out these stories.

Acting out the stories

There are various ways of acting out the stories, depending on the size and nature of your class.

Acting in groups

The following procedure is suggested in the teaching notes for each unit:

- Decide as a class on actions for each character at each stage of the story (children may suggest actions which are not shown in the pictures).
- Divide the class into groups so that there is one child to play each character. To keep disruption to a minimum, children could turn their chairs to work with those behind them and remain in their seats.
- Play the recording. Children practise the story in their groups, saying their character’s lines (if they have any) and doing their actions. Props can be used if you wish, or you may prefer objects from the story to remain imaginary.
- At the end of the exercise, invite some of the groups to act out their story at the front of the class.

Acting as a class

As an alternative, you may wish to act out the story as a class:

- Decide together on actions for the story which children can do at their desks without standing up (e.g. they could ‘walk’ their fingers to show that the character is walking).
- Play the recording to practise reciting the lines. Children mime the actions for each character as they speak.
- Play the recording again for children to give their final performance.

Acting with a ‘lead’ group

This is a combination of the two previous procedures:

- Decide on actions for the story as above.
- Divide the class into groups so that there is one child in each group to play each character. Children should all be facing the front of the class, and not the other people in their groups. They won’t need to leave their seats.
- Ask one of the groups to come to the front of the class.
- Play the recording. The group at the front demonstrate the actions to the class.
- Play the recording again for the rest of the children to join in with the actions.

Classroom management

Children learn best when the atmosphere in the classroom is relaxed, happy, and well-ordered.

- Success is a great motivator. Try to make every child feel successful and praise their attempts enthusiastically. Children should all be familiar with expressions such as Good boy/girl, Good work. Well done! Excellent try! You did that very well.
- Errors need to be corrected, but use positive and tactful feedback so that children are not afraid of making mistakes. If a child makes a mistake, say Good try. Try again, then model the correct answer for the child to repeat. Avoid using words such as No or That’s wrong, as these can create negative associations with learning.
- Establish a clear and consistent set of classroom rules and ensure that all the children know what to expect. Always praise good behaviour so that bad behaviour does not become a means of gaining attention.
- Ensure that you are well prepared for every lesson. Read the lesson notes and prepare any materials you will need before the lesson.
Involving parents

Learning involves a co-operative relationship between home and school, and it is important to establish clear communication with parents to encourage home support. The following are suggestions about possible ways of doing this:

- Keep parents informed about what their children are learning and their progress. Parents might benefit from receiving newsletters listing what children are now able to do, and what words and phrases they are studying.
- Encourage extra practice at home using the MultiROM, especially the Listen at home sections. The children can enjoy singing the songs at home and performing the stories and plays to their families and friends.
- Show parents the completed Values worksheets from the Photocopy Masters Book.
- Show parents the children’s completed Evaluation Sheet from the Testing and Evaluation Book at the end of each semester.
- Organize a concert or parents’ afternoon where the children can perform the unit stories, plays from the PMB, and the songs they have learnt, along with their actions.
- Organize an Open Day where parents can come into the classroom with their children to see displays of their work and share any feedback or concerns with you in a relaxed environment.

oxfordparents
Help your child with English

Oxford Parents is a new website where your students’ parents can find out how they can help their child with English. They can find lots of activities to do in the home or in everyday life. Even if the parent has little or no English, they can still find ways to help. We have lots of activities and videos to show parents how to do this.

Studies have shown that practising English outside the classroom can really help children become more confident using the language. If they speak English with their parent(s), they will see how English can be used in real-life situations and this can increase the students’ motivation.

Parents can help by practising stories, songs, and vocabulary that the students have already learned in the classroom. Tell your students’ parents to visit www.oup.com/elt/oxfordparents and have fun helping their children with English!
**Reading and writing progression**

*Family and Friends Starter* develops children's reading and writing skills in a graded and supportive manner. Pre-reading and pre-writing skills are taught in Starter Unit to Unit 3, word reading and writing in Units 4 to 6, and controlled full sentence reading and writing in Units 7 to 9.

**Writing**

**Starter Unit – Unit 3 (pre-writing)**
Children learn single letter and number formation through tracing and copying exercises: Aa–Ii, 1–8. They are not expected to write or trace words at this stage. Children develop their pre-writing and general motor skills, and become accustomed to left-to-right progression in English writing. They achieve this by tracing different types of increasingly difficult, left-to-right patterns. As well as developing children's general motor skills, these activities help children write particular letters (e.g., tracing complex loops for letter e) and prepare them for future letter formation (e.g., wave patterns for letters m and w).

**Unit 4 – Unit 6**
Children learn more single letter and number formation through tracing, copying and addition exercises: Jj–Rr, 9–14. Children start tracing vocabulary words through simple 'Match and trace' or 'Choose and trace' exercises. They progress by copying the correct word from a model to label a vocabulary item (guided word writing). Children write one word to complete a three word sentence pattern. Picture prompts help children pick the correct word and write it to complete the sentence, which is always the target structure of the unit.

**Unit 7 – Unit 9**
Children learn more single letter and number formation through tracing, copying and subtraction exercises: Ss–Zz, 15–20. Children write vocabulary words freely and complete gap sentences, some of which are not directly aligned to the main target structure of the unit. In the last two units they progress a stage further by writing simple full sentences (3 to 4 word sentences) using picture prompts and word pools.

**Word writing**
From Unit 4 children trace and copy words (as detailed in the table above). Learning to write words is a process which is different from learning to write individual letters; we should not expect children to form letters perfectly that have not yet been covered in the *Sounds and letters* lessons. As children progress through the course and learn to form the letters in more detail, their handwriting skills will progressively improve.

**Additional practice**
*Family and Friends Starter* offers lots of additional support to children's writing development. There is letter formation practice in the letter formation grids at the end of the Workbook, as well as more complex handwriting practice in the photocopiable worksheets of the Photocopy Masters Book. In addition to these, an Alphabet Book is available for the *Family and Friends* series, which provides additional letter recognition and formation practice.
Reading

**Starter Unit – Unit 3 (pre-reading)**
Children learn letter shapes and initial sounds through listening and sticker exercises: sounds a–l.
Children develop their pre-reading skills and become accustomed to left-to-right progression in English reading. They achieve this through pre-reading activities such as recognising a fragment of a pattern or identifying the odd-one-out. These help children differentiate between shapes and, ultimately, letters and words.
The left-to-right layout of stories in the Class Book and sequences in the Workbook help in turn with their left-to-right progression.

**Unit 4 – Unit 6**
Children learn more letter shapes and initial sounds through listening and sticker exercises: sounds j–r.
Children begin to recognise words in their written form. Sticker activities and word opposites matching activities enable children to develop these skills.
Children can also associate words with their corresponding pictures/images through matching activities in the Workbook and Class Book.
Children recognise simple sentence patterns – three to four sentences reflecting the target structure of the unit. They achieve this via reading exercises in the Story lesson.

**Unit 7 – Unit 9**
Children learn more letter shapes and initial sounds through listening and sticker exercises: sounds s–z.
Children are now expected to recognise all new words via sticker activities in the Class Book and more complex activities in the Workbook like crosswords.

Children read sentences of three to five words, which reflect both the target structure and other types of simple sentences. These can be found in both the Story and Sounds and letters lessons of these units.
Children can listen to and read through simple dialogues – two to three short exchanges between the course characters in each frame.

**Sounds and letters**
Phonics are an important part of the syllabus in Starter level. Nearly a third of the course material, lessons 3 and 5 of every unit, is dedicated towards phonics instruction. Initial sounds are introduced in alphabetical order, but letter names are introduced later in Family and Friends 1.

**Additional practice**
*Family and Friends Starter* offers lots of additional support to help children's reading development. There are phonics cards and phonics posters available in the Teacher's Resource Pack, as well as more opportunities for reading practice in the photocopiable worksheets of the Photocopy Masters Book.
Lesson One  Words
Lesson 1 teaches and practises the new vocabulary set.

The children listen and point to the pictures. They then listen again and repeat the words. This is reinforced with flashcard activities.

Teaching the words

Words
- Play the recording and hold up the flashcards. The children repeat the words and point to the correct picture in their Class Books.
- Show the flashcards randomly and ask the class to say the words. You can hide the cards behind your back.
- Teach the chant. You can ask children to perform actions as they chant, for example eating or drinking.

Stickers
- Prepare the children by pointing to the picture and asking questions such as Who's this? What's this?
- Point to one of the words in the scene and elicit the answer based on the corresponding image.
- Encourage the children to point to the pictures and say the words with you in chorus.
- Show one of the word stickers and stick it on the caption box, saying the word as you do so.
- The children copy and do the same with the remaining stickers in the scene.

Workbook
The children practise recognizing and tracing the new words from the lesson. In later units children practise writing the vocabulary and doing more extensive word recognition activities.

Children use the Student MultiROM at home to practise the words.
Lesson Two  Grammar and song

Lesson 2 teaches the grammar points. The children also practise the language with a song and Total Physical Response activities.

Teaching the grammar and songs

Grammar
• Teach the grammar through example rather than explanation. Reinforce meaning with actions.
• Play the recording and have the children repeat the words in chorus. Use the song picture to consolidate meaning if necessary.
• Use flashcards to substitute new words. The children will see how the grammar structure works with different words. The children repeat the new sentences. (From Unit 7, read the grammar examples and write them on the board.)

Songs
• Play the song to the class. The children listen and point to the pictures to show understanding of the words.
• Recite the words of the song with the class, without the music. Say each line and ask the children to repeat.
• Now sing the song with the class a number of times with the recording.
• Teach actions to accompany the song (see the suggested actions in the lesson notes, or ask the children to suggest their own).
• Sing the song again, this time with the actions.
• You could allow some children to provide accompaniment with drums, shakers, etc.

Workbook
The children further practise recognizing and writing the unit's new words. They then use them in a speaking activity.
In later units children practise writing the full structure.

Children use the Student MultiROM at home to practise the grammar or song.
Lesson Three  Sounds and letters
Lesson 3 teaches phonics: the relationship between a sound, the letters that form it, and words that contain it.

The children listen to the sound, trace and point to the letters that form it. They read and repeat words that contain the sound and letters, with the help of phonics cards.

The children see these words in sentences and learn a chant. The chant provides targeted pronunciation practice within an engaging context.

The children practise recognizing letter shapes using stickers. Then they circle the letters in the context of a sentence to identify what phonics sounds they create.

The children identify the correct letters in a grid activity.

Teaching phonics
- Introduce the new sound by showing the class the phonics card. Model the sound a number of times for children to repeat.
- Introduce the new phonics words with the flashcards and recording.
- Play the chant to the class. Talk about the picture to ensure the meaning is clear.
- Repeat the chant, this time asking the children to clap their hands (or perform another action) every time they say a word that contains the target sound.
- For Exercise 4, complete the first example as a whole class activity. Then encourage the children to work independently. Finally, check the answers with the whole class.

Children use the Student MultiROM at home to practise the sounds and letter shapes.

Workbook
The children practice recognizing and tracing the letters that create the phonics sound(s).

In later units the children write these letters on the words.
Lesson Four  Numbers
Lesson 4 teaches the two numbers for the unit and their written form.

Teaching numbers
- Review the numbers learned so far and introduce the new ones for this lesson using the audio as a model.
- Practise tracing the numbers with the children in the air first and then on the page.
- Repeat the audio and use the actions suggested in the notes to help count out the effects after each number.
- Play and teach the song to the children (please see lesson notes on page 13).
- For Exercise 3, complete the first example as a whole class activity. Then encourage the children to work independently. Finally, check the answers with the whole class.

Children use the Student MultiROM at home to practise the numbers.

Workbook
The children practise recognising and writing the numbers from the lesson.
Lesson Five  Sounds and letters
Lesson 5 teaches phonics: the relationship between a sound, the letters that form it, and words that contain it.

The children listen to the sound, trace and point to the letters that form it. They read and repeat words that contain the sound and letters, with the help of phonics cards.

The children learn a chant. The chant provides targeted pronunciation practice within an engaging context.

Children practise identifying the correct initial sounds for words using stickers.

The children identify the correct letters in a sentence activity.

Teaching phonics
- Introduce the new sound by showing the class the phonics card. Model the sound a number of times for children to repeat.
- Introduce the new phonics words with the flashcards and recording.
- Play the chant to the class. Talk about the picture to ensure the meaning is clear.
- Repeat the chant, this time asking the children to clap their hands (or perform another action) every time they say a word that contains the target sound.
- For Exercise 4, complete the first example as a whole class activity. Then encourage the children to work independently. Finally, check the answers with the whole class.

Workbook
The children practise recognizing and tracing the letters that create the phonics sound(s).
In later units the children write these letters on the words.

Children use the Student MultiROM at home to practise the sounds and letter shapes.
Lesson Six Story

Lesson 6 consolidates children's understanding of the unit vocabulary set and grammatical structure using a story.

The children listen to the story and point to the pictures.

The children practice reading the grammar structure.

The children listen to the story again and produce the language by repeating and then acting out the story (see page 8).

Acting out the stories and teaching the grammar

Story
- Prepare the children for the story and talk about each frame with the class. Ask simple questions such as Who's this? Where are they? What's this?
- Play the recording the whole way through.
- Play the recording again. The children point to the pictures as they hear the text.
- Teach the written grammar structure and practice reading aloud with the children, as a class and individually (see 'Grammar' section below).
- Play the recording. Pause after each dialogue for the children to repeat.
- Play the recording again. This time ask children to mime actions as they speak (there are suggested actions in the lesson notes). Allow the children to make suggestions and demonstrate the actions.
- Divide the class into groups, with each child having a different role in the story. Play the recording. Each child says the lines of his/her assigned character. Encourage children to perform actions as they speak.
- Repeat without the recording, encouraging the children to remember the sentences.

Grammar
- Teach the grammar through example rather than explanation. Reinforce meaning with actions.
- Play the recording and have the children repeat the words in chorus.
- Use flashcards to substitute new words. The children will see how the grammar structure works with different words. The children repeat the new sentences.
(From Unit 7, read the grammar examples and write them on the board.)

Workbook
The children practice recognizing and writing the unit grammar structure.

Children use the Student MultiROM at home to practise the grammar structure.

**Warmers, games, and optional activities**

The purpose of warmers is to stimulate the class at the beginning of a lesson and prepare them for learning. An interactive activity such as a song or game, especially one involving movement, is often a very successful way of achieving alertness.

The lesson notes suggest warmers for each lesson. These are often songs or chants learned previously, along with their corresponding actions. A second song or chant can also be chosen for review.

Children also enjoy Total Physical Response activities, especially when there is a competitive element. These could include some of the activities below. Many of these games can also be used as optional activities in the lessons.

**Flashcard games**

**Listen, point and say**
- Place flashcards or objects for the key vocabulary around the classroom.
- Call out a vocabulary word, e.g. crayon. The children point to the correct flashcard or object. Alternatively, play the chant from Lesson 1 of the unit. Children point to the correct flashcard when they hear the word.
- Now point to the flashcard or object. The children say the word.

**Option:** Describe the location of the card, e.g. *It's next to the door. What is it?* The children then say the word.

**Word chain**
- Place four or five flashcards on the board in a given sequence, e.g. chair, crayon, desk, pencil.
- Point to a child. He / She says the first word in the sequence, i.e. chair.
- Point to another child. He or she says the next word in the sequence, i.e. crayon.
- Continue with each child saying the next word in the sequence, returning to the beginning when necessary.

**Option:** Remove one flashcard. The class repeats the sequence, including the missing word. Remove one more flashcard each time, until children are saying the whole sequence from memory.

**Jump**
- Ask the children to stand at their desks.
- Hold up a flashcard from the vocabulary set and say a word.
- If the word is the same as the flashcard, they jump. If it isn't, they keep still.
- Alternatively, ask children to put their hands up if the word you say and the flashcard are the same.

**Snap!**
- Write one of the items from the vocabulary set on the board, e.g. teddy. Say the word aloud.
- Put the flashcards in a pile and hold them up so that the children can only see the facing card. Reveal the cards one at a time by putting the front card to the back. When children see the teddy, they shout *Snap!*
- Repeat with the rest of the words in the set.

**Musical cards**
- Play lively music, ideally the target unit's song.
- Hand the unit flashcards out to different children around the class. They pass the cards to children next to them around the class while the music is playing.
- Stop the music suddenly. Ask the children who are holding cards, *What's this?* (or another appropriate question) to elicit the words.
- Play the music and continue in this way.

**Whispers (reading required)**
- Organize children in groups of at least six. Show a flashcard to the first child in each group. This child whispers the word to the child next to him / her.
- Children continue whispering the word to the child next to them until the word reaches the final child.
- The final child says the word aloud, and the first child holds up the flashcard to see whether the word and the flashcard are the same.

**Where was it? (reading required)**
- Lay a number of flashcards face up on your table or on the board. Give the class five seconds to look at the cards.
- Now turn all the cards over so that they are face down.
- Ask e.g. *Where's the hat?* The children try to remember the position of the card.
- Give several children an opportunity to guess. Ask them to say the word before they point to the card.

**What have I got?**
- Use the flashcards to elicit the vocabulary for the game.
- Hold up one card so that the class can only see the back of it.
- Ask *What have I got?* for children to make guesses.
- When the card has been guessed correctly, put it on the board.
- Hold up a second card and repeat the procedure.
- Continue until all the cards are on the board.

**Option:** To make the game more exciting, limit children to three guesses. If they name the card within three guesses, the class wins the card. If they don't, the teacher wins the card.

Put the cards the class has won and the cards the teacher has won on opposite sides of the board.

At the end of the game add up the scores with the class.

**What's missing?**
- Display the flashcards from the vocabulary set on the board. Point to each one in turn for children to say the words. Give the class a few seconds to look at them.
- Ask children to turn around. Remove a card.
- Display the cards again and ask *What's missing?*
- When children have identified the missing card, shuffle the cards again and repeat the procedure.

**Option:** To make the game harder, add a new card from a related lexical set each time.
Slow reveal
- Put a flashcard on the board and cover it with a piece of paper or card.
- Very slowly move the paper to reveal the picture, bit by bit.
- Ask What's this? or another appropriate question, such as What does he like? The first child to guess correctly comes to the front to choose the next card.
- Continue the game until you have practised all of the words from the vocabulary set.

Order the letters (reading and writing required)
- Show the class a flashcard and elicit the word. Hide the card. Write the jumbled-up letters of that word on the board, followed by the correct number of lines for the number of letters.
- Call children to come to the board to write one letter at a time to complete the word.

Match (reading required)
- Take a set of flashcards and write the words in a column on the left of the board.
- Place the flashcards in a column on the right, jumbling them up so the word and card don't match.
- Point to a flashcard. Say the word for the class to repeat in chorus. Point to the matching word and say the word for the class to repeat in chorus. Remove the matching flashcard from the board.
- Repeat in the same way until all the cards have been removed.
- Option: Continue the game by shuffling the flashcards and placing them face downwards in a pile on the desk. Call children up, one at a time, and ask them to pick up a card, look at it and place it next to the correct word on the board.
Children say the word in chorus. Continue until all flashcards are on the board again.

Odd-one-out
- Put a set of flashcards on the board plus one 'odd' one from another set.
- Point to each card in turn and say the word for the class to repeat in chorus.
- Take away the odd card from the board.
- Repeat with different cards. This time ask a child to identify the odd-one-out for the class.
- Repeat as many times as you wish with different word sets.

Phonics card games
Point to the correct card
- Display some phonics cards on the board or around the classroom, one of which contains the target sound. Say the target sound, e.g. /s/.
- The children point to the card that contains the sound. Elicit the words from the class chorally.

Phonics matching
- Display the phonics sound cards on the board. Place the phonics picture cards on your table.
- Call children to come to the front of the class to match the cards to the correct sounds on the board.

Find your partner
- Give phonics sound cards to individual children around the class. Give the corresponding phonics picture cards to different children.
- Ask the children with the sound cards to stand up one at a time and say the sounds on their cards.
- The children with the picture cards listen. If the sound is in their word, they stand up, show the card to the class, and say the word.

More games
Do it!
- You can play this game with any vocabulary set.
- Assign each child a word from the vocabulary you are covering, e.g. blue, green, red, white, etc.
- Give instructions, e.g. Reds, jump! Blues, stamp your feet! Children who have that word assigned to them do the action.

Freeze
- Ask the children to stand at their desks.
- Give a series of instructions, e.g. wave, run, jump. Children mime the actions.
- When you say Freeze!, the children must stop what they are doing and stand still.
- The children who are slowest to stop are out and have to sit down.
- Continue the game until there is one winner left standing, or a group of winners if you prefer.

Simon says ...
- Ask the children to stand at their desks.
- Explain that you are going to give instructions. If the instruction begins with the words Simon says ..., children must do as you ask. If not, they should stand still and wait for the next instruction. Any child who gets this wrong is out of the game and has to sit down.
- Give an instruction that is relevant to the unit's language, e.g. Simon says ... point to your nose; Simon says ... point to something red; Simon says ... eat an apple.
- Intermittently insert an instruction which is not preceded by Simon says ... to see which children are really paying attention.
- Continue the game until there is one winner left standing, or a group of winners if you prefer.

Mime the word
- Ask the children to stand at their desks.
- Say a word or sentence, e.g. It's a lion. The children repeat and perform a simple action, i.e. children say It's a lion and mime being lions for a few seconds.

NOTE This activity is particularly suitable for animal words, job words, body words (children point to the correct body part) and feeling words (e.g. happy, cold, etc.) or any vocabulary set in which mime is possible.
Smiley face (reading required)
- This game can be played as a whole-class activity, or in teams or pairs.
- Think of a word and draw a short line for each letter on the board, one next to the other.
- Ask the children to guess the letters that are in the secret word, one by one.
- If a child guesses a letter correctly, write the letter on the correct line.
- If a child guesses incorrectly, write the letter on the board with a cross through it, and draw a large circle to represent a face. With each letter that is guessed incorrectly, add another feature to the face (two eyes, a nose, a smile, two ears, a neck, and hair).
- The game continues until either the word or the face is complete. If the word is completed, the class have won; if the face is completed, the teacher has won.

What's the picture?
- Invite a child to come to the front of the class and whisper the name of an object he / she has to draw.
- The child draws the picture on the board for the rest of the class to guess what it is.
- The first child to guess the object correctly comes to the front of the class to draw the next picture.
- Repeat until all of the target vocabulary has been used.

A long sentence
- Say a sentence that ends with a word from the vocabulary set that you want to practise, e.g. My coat is red.
- Choose a child to continue the sentence, adding a new word to the end, e.g. My coat is red and blue. This child then chooses another child, who says the sentence, adding another word to the end of it.
- Continue the game until you have practised all the words from the vocabulary set, or until someone forgets the words in the chain.

Bingo (reading and writing required)
- Ask the children to draw a grid, three by three (or three by two) squares. In each of the squares, they write a different word from the vocabulary set they are studying.
- Call out words from the vocabulary set in any order. Keep a record of the words as you say them, so that you don't say the same word twice. The children cross off the words in their grids as they hear them. The first child to complete a line of three shouts Bingo!

Forwards and backwards
- Make sure the children are in rows so that they can count around the class.
- Ask the children to start counting, with each child saying the next number.
- Before they get to ten, say Change! The children then have to start counting backwards from whatever number they reached.
- Say Change again and the children start counting forwards again.

Rolling question and answer
- Divide the class into two teams.
- The first child in the team turns to the child next to him / her and asks a question, e.g. What's your name? The next child answers, e.g. I'm (Lola) and quickly turns to ask the next child. The game continues as fast as possible until every child has asked and answered the question.
- Go around and monitor carefully, making sure children repeat the sentence if they haven't spoken clearly and correctly.
- The first team to finish is the winner.

One, Two and Three
- Children count around the class from 1 to the target number, e.g. 12.
- When you reach the target number, start again from the beginning but this time count in multiples of two starting from 2.
- When you reach the target number, start again from the beginning but count in multiples of three starting from 3.
- Finish by counting around the class again from 1 to the target number.
The Student MultiROM includes a Listen at home section containing target language, songs, and phonics chants for children to practise at home. It can be played on an audio CD player, or on a computer using the audio player.

Lesson One (8 page 4)
Oxford Digital classroom · Starter · Words

Lesson objectives
To introduce the Class Book characters and common greetings.
To practice the character names and common greetings in the form of a chant.

Language
Core: Rosy, Tim, Billy, hello, goodbye
Extra: everyone, English, fun, teacher, friends

Materials
CD 01-04, Hello flashcards 1-5

Warmer 01
- Play the Hello song to introduce the lesson. (In future, this song can be played at the start of every unit.)
- Encourage the children to join in with the words and to mime the actions as they sing.
- When they sing the last line of the song, get the children to jump up with their arms in the air as they say fun.
- Begin the class by smiling and saying Hello to the children.
- Hold up flashcard 4 and say Hello for children to repeat as a class. Smile and wave as you say Hello.
- Hold up flashcard 5 and say Goodbye for children to repeat as a class. Wave goodbye as you say Goodbye.
- Take turns to hold up flashcards 4 and 5 to practise Hello and Goodbye more quickly. Encourage children to do the correct action as they say the word.

Transcript 01
Hello, hello
To everyone.
It's English time.
Let's have fun!
(Repeat)

Lead-in
- Hold flashcards 1 to 3 behind your back.
- Show them to the class one at a time and say the names Rosy, Tim and Billy for children to repeat in chorus.
- Go around the class practising with individual children.

1 Listen, point and repeat 03
- Say Open your book and model the action for children to copy. Hold up your book and point to the characters.
- Play the first part of the recording (Listen and point). Point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
- Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
- Play the recording all the way through for children to point to the pictures and repeat the words.

- Hold up the flashcards one at a time and ask individual children to say the words.

2. Point and sing. 21
- Hold up your book and point to the picture of the cats. Count them slowly and encourage the children to count with you. Say one ... two ... three ... three cats! Do the same with the cars.
- Practise for the children to repeat in chorus.

Optional activity
- Children draw the numbers 3 and 4 in the air, when they sing the first two lines of each verse. They clap in time with the numbers when they sing the last line of each verse.
- Play the song again. Children do the actions as they sing.

3. Count and say.
- Ask children to look at the pictures in the box.
- Point to them in turn and say them with the class: boy, apple, cat, bat, car.
- Point to the main picture and point to the two boys. Say one ... two ... two boys. Encourage the children to count with you.
- Point to the apple in the box and then point to the apple in the main picture. Say one ... one apple.
- Continue in this way, until you have counted the number of cars, bats and cats that appear in the picture.
- Encourage the children to count with you.
- Write the answers on the board and go through the answers with the class.

ANSWERS
two boys, one apple, four cars, three bats, two cats

Optional activity
- Ask ten children to come to the front of the class. Give each child a word. Whisper in their ear so that the class can’t hear: cat (four children), bat (three children), boy (two children), car (one child).
- Turn to the class and say one of the four words. The children who have been given that word hold up their hands.
- The rest of the class counts the children in chorus.
- Continue with the rest of the words. Write the answers on the board.

**Lesson One** (6 page 16)

**Lesson objectives**
To learn five school words
To practise the school words in the form of a chant.

**Language**
desk, chair, crayon, pencil, notebook

**Materials**
CD 01, 25–26; School things flashcards 11–15

**Warmer**
- Play the *Hello* song to introduce the lesson.
- Play *Do it*! to energize the class (see page 20).

**Lead-in**
- Use School things flashcards 11–15 to introduce the vocabulary for this lesson.
- Hold them up one at a time and ask *What’s this?* Say the words for children to repeat in chorus.
- Once children have learnt the words, put the flashcards in different places around the room. Turn to the class and say a word. Children point to the card and repeat in chorus.
- Repeat with all the words.

**1 Listen, point and repeat.**
- Say *Open your book* and model the action for children to copy. Hold up your book and point to the pictures.
- Play the first part of the recording (*Listen and point*). Point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
- Play the second part of the recording (*Listen and repeat*) for children to repeat the words in chorus.
- Play the recording all the way through for children to point to the pictures and repeat the words.
- Hold up the flashcards one at a time and ask individual children to say the words.

**Transcript 25**
*Listen and point.*

*Listen and repeat.*
desk, chair, crayon, pencil, notebook

**2 Listen and chant.**
- Play the recording for children to listen to the chant.
- Play the chant a second time for children to say the words. Demonstrate actions for each word: crayon (wave), pencil (hop), notebook (clap), desk (tap desk), chair (stamp foot).
- Divide the class into groups of three. Give each group a line from the chant. There are only three groups because notebook is repeated.
- Say the chant with the class.
- Each group says their line and does the correct action.

**Transcript 26**
*Listen and chant.*
crayon, pencil, notebook
desk, chair, notebook

**Optional activity**
- Give the School things flashcards (11–15) to five children.
- Play the chant again. The class says the chant in time with the audio and the children hold up their flashcards when they say the word.

**Optional activity**
- Make sure each child has a notebook, crayon and pencil on their desk.
- Play the chant again. When the children hear the word they hold up their notebook, crayon or pencil, or tap their desk or chair.

**3 Point and say. Stick the stickers.**
- Hold up your book and point to the picture.
- Point to the school pictures in turn and say the words.
- Repeat and encourage the children to point to the pictures and say the words with you.
- Say *Let’s stick the stickers.* Take the desk sticker and show it to the class. Place the sticker on the picture of the desk and say *desk.*
- Repeat with the chair, crayon, pencil and notebook stickers.
- Children copy you and place the stickers in the correct places and say the words.
- Go around the class and check.

**Culture note: Nursery schools**
- In Britain, children usually start primary school at the age of four or five. Many children go to nursery schools or playgroup before they start primary school.
- In British families, often both parents work, and so nursery provides important child care and educational opportunities for their children. Most nurseries are privately funded which means the parents pay for their children to attend. The daily routine usually includes lots of free-play, singing, listening to stories and other indoor and outdoor activities.

Lesson One  (5 page 22)

**Lesson objectives**
- To learn five toy words
- To practise the toy words in the form of a chant

**Language**
- Core: plane, puppet, robot, balloon, teddy

**Materials**
- CD 01, 36–37; Toys flashcards 16–20

**Warmer** 01
- Play the Hello song to introduce the lesson.
- Play Simon says ... to energize the class and revise school vocabulary (see page 20). Use the structure Point to your ... (notebook) to give instructions.

**Lead-in**
- Use Toys flashcards 16–20 to introduce the vocabulary for this lesson.
- Hold them up one at a time and ask What's this? Say the words for children to repeat in chorus.
- Give the flashcards to five children. Turn to the class and say a word. The child with the card holds it up for the rest of the class. Children shout out the word.

1 Listen, point and repeat.  36
- Say Open your books and model the action for children to copy. Hold up your book and point to the pictures.
- Play the first part of the recording (Listen and point). Point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
- Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
- Play the recording all the way through for children to point to the pictures and repeat the words.
- Hold up the flashcards one at a time and ask individual children to say the words.

2 Listen and chant.  37
- Play the recording for children to listen to the chant.
- Play the chant a second time for children to say the words. Demonstrate actions for each word:
  - plane (put both arms outstretched like wings)
  - puppet (move floppy arms up and down)
  - robot (move stiff arms up and down)
  - balloon (draw a circle in the air)
  - teddy (mimic a hug)

- Divide the class into groups of five. Give each group a line from the chant.
- Say the chant with the class.
- Each group says their line and does the correct action.

**Transcript 37**

puppet, puppet
robot, robot
balloon, balloon
teddy, teddy

**Optional activity**
- Play a guessing game.
- Start drawing one of the toys on the board. Draw it very slowly and encourage the children to guess what it is by shouting out Is it a ...? Repeat with all the toys in the list.
- If you wish, ask a confident and able child to come to the front of the class and draw a toy for the class to guess.

**Optional activity**
- Play a miming game.
- Do one of the mimes the children learnt for the chant. See if they can remember what toy it represents. Encourage children to shout out Is it ...? with their suggestions.

3 Point and say. Stick the stickers.
- Hold up your book and point to the picture.
- Point to the school pictures in turn and say the words.
- Repeat and encourage the children to point to the pictures and say the words with you.
- Say Let's stick the stickers. Take the plane sticker and show it to the class. Place the sticker on the picture of the desk and say plane.
- Repeat with the puppet, robot, balloon and teddy stickers.
- Children copy you and place the stickers in the correct places and say the words.
- Go around the class and check.

Lesson Two  
Oxford iTools  Digital classroom  Unit 3  Grammar and song

Lesson objectives  
To ask the question Is it a plane?  
To answer Yes, it is. No, it isn't. 
To sing a song

Language  
Core: Is it a (balloon)? Yes, it is. No, it isn't.  
Recycled: plane, car, robot, puppet, balloon, teddy

Materials  
CD 38–39: Toys flashcards 16–20; Phonics picture card 6 (Cc car); one of the toys in the list

Warmer  
- Play Slow reveal with flashcards 16–20 to revise the vocabulary from the previous unit and to prepare for Exercise 3 (see page 20).

Lead-in  
- Bring in one of the toys in the list to class. Before you come to class put the toy in a bag. 
- Show the bag to the class, but make sure the children can't see what's inside.  
- Turn to the class, look inside the bag and say It's a toy! Encourage the children to ask you questions Is it a ...? to find out what it is.

1 Listen and repeat.  
- Hold up the balloon flashcard and say Is it a balloon? Point to it and nod your head up and down. Say Yes, it is. Hold up the puppet flashcard and say Is it a balloon? Shake your head from side to side. Say No, it isn't.
- Play the recording and say the words in time with the audio.  
- Play the recording again for children to repeat the words in chorus.
- Repeat with flashcards 16–20 to practise all the words and both short answers. Practise with phonics card 6 too, in order to revise all the words for the song in Exercise 2.

Transcript 38

Is it a balloon?  
Yes, it is. No, it isn't.

2 Listen and sing.  
- Say Open your books and model the action for children to copy.
- Hold up the book and point to the Let's sing! pictures. Point and say Is it a (plane)? Say Yes, it is. No, it isn't, depending in what picture you point to. Repeat with all the pictures and practise with the class.
- Play the recording all the way through for the children to listen to. Demonstrate an action for each toy. Do the same actions you made in the chant in the previous lesson (see Lesson 1).
- Play the recording again and sing along. Hold up the following flashcards with each verse: verse 1 (plane), verse 2 (robot), verse 3 (puppet), verse 4 (balloon) as you sing the words and do the actions. These flashcards will elicit the correct response in the song.
- Play the recording again for the children to sing the song and do the actions.

It's a car. [broom, broom, broom, broom] [pop, pop, pop, pop]

Optional activity  
- Play the recording again. Then sing the song once more without the music. When you come to each target word, don't say it. Hold up the flashcard and elicit the words.
- Play the recording again and sing along with the children.

3 Match, ask and answer.  
- Hold up your book. Point to the two rows of pictures. Explain that the pictures on the top row are fragments of the toys below.
- Point to the top picture and say Is it a plane? Elicit No, it isn't. Say Is it a teddy? and elicit the same answer. Ask Is it a balloon? Nod your head to encourage children to say Yes, it is. 
- Trace the path of the dotted line with your finger until you reach the picture of the balloon. Repeat Yes, it is. It's a balloon.
- Repeat and this time get the class to trace the line with their fingers and say the words with you in chorus.
- Children go over the trace line with a pencil or crayon.
- Repeat the same procedure with the rest of the pictures.
- Go around the class and check.

Optional activity  
- Ask five children to come to the front of the class. Give each child a toy word. Remind them of the mime to go with it. Give Toys flashcards 16–20 to five different children.
- Children take it in turns to do the mime. The child with the matching flashcard stands up and holds up the flashcard. Then both children sit down.

Lesson One

Lesson objectives
To learn family names
To practise family names in the form of a chant

Language
Core: mum, dad, brother, sister, grandpa, grandma

Materials
CDs 48-49; Toys flashcards 16-20; Family flashcards 21-26

Warmer
- Begin the class by playing the Hello song to introduce the lesson.
- Play Jump with flashcards 16-20 to revise the toy words from the previous unit and to energise the class (see page 19).

Lead-in
- Use flashcards 21 to 26 to introduce the vocabulary for this lesson.
- Hold them up one at a time and say the words for children to repeat in chorus.
- Repeat as often as necessary until children can remember the words.

1 Listen, point and repeat. 48
- Say Open your book and model the action for children to copy. Point to the family pictures.
- Play the first part of the recording (Listen and point). Hold up your book and point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
- Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
- Play the recording all the way through for children to point to the pictures and repeat the words.
- Hold up the flashcards one at a time and ask individual children to say the words.

NOTE: From Unit 4 onwards, the first time through the recording follows the order of the pictures on the page; the second time the order is in a different sequence.

Skills development
To recognize and identify words
To develop listening skills by listening to a short story
To revise and consolidate language introduced in the unit

Language
Recycled: vocabulary and structures from the unit
Extra: No, it isn’t.

Materials
CD 51, 58; Family flashcards 21–26; School things flashcards 11–15; Toys flashcards 16–20

Warmers
- Play the song from Lesson 2 to revise the vocabulary for this lesson.

Lead-in
- Give Family flashcards 21–26 to six children.
- Say one of the words. The child with the card stands up, shows the card to the class and says the full structure This is my (mum). The class repeats in chorus.
- Repeat with all the words.

1 Listen to the story.  58
- Say Open your books. Play the recording. Pause after each frame for children to listen and point to the pictures.
- Play the recording again. This time pause after each line for children to listen and point to the characters as they hear the words.

Transcript 58

Grandpa Hello, Lucy.
Lucy Hello.
Frame 2
Rosy This is my mum.
Mum Hello, Lucy.
Lucy Hello.
Frame 3
Lucy Is this your grandma?
Rosy No, it isn’t.
Frame 4
Rosy This is my brother, Billy.
Lucy Hello.

2 Read and say.
- Write This is my ... on the board. Place the mum picture card next to the word my.
- Point to each word and read slowly to elicit the full sentence This is my mum.
- Write the family words across the top of the board.
- Say Point to ‘mum’. When children point to the correct word, replace the picture card with the written word to form the full sentence. Read the sentence with the class.
- Continue in this way until you have practised all the family words.
- Point to the sentences in each frame and read them with the class.
- Ask one or two individual children to read a sentence to the class.

Optional activity
- Give School things and Toys flashcards 12–20 to nine children.
- Keep flashcard 11. Hold it up and say This is my desk. Then give your flashcard to a child. He / She stands up and says This is my desk.
- Repeat in the same way, with each child saying the sentence and then giving the flashcard to another child to do the same. Play the game around the class.

3 Listen again and repeat. Act.  58
- Play the recording once all the way through.
- Play the recording again pausing after each line for children to listen and repeat.
- Divide the class into groups of five to play the parts of Rosy, Lucy, Grandpa, Mum and Billy. If the class doesn’t divide exactly some children can play more than one character.
- Choose and demonstrate some actions for the story.
- Play the recording again for children to mime the actions.
- Children practise acting the story. Monitor and help where necessary.
- If you wish, ask one or two groups to come to the front of the class to act out the story.
- At the end of the lesson play the Goodbye song.
- Children mime the actions as they sing.

Story actions
- Picture 1: Rosy holds her arm outstretched as she introduces Lucy to Grandpa. Grandpa and Lucy wave as they introduce themselves.
- Picture 2: Rosy holds her arm outstretched as she introduces Lucy to Mum. Mum bends down and stretches out her arm as she introduces herself.
- Picture 3: Lucy points to Billy as she asks the question. Rosy shakes her head as she says No, Billy waves his hands.
- Picture 4: Lucy bends towards Billy with her arm outstretched. Rosy laughs. Billy smiles and waves his hands.

Lesson One  
(Oxford iTools: Digital classroom • Unit 5 • Words)

Lesson objectives
To learn feeling words
To practise feeling words in the form of a chant

Language
Core: happy, sad, hungry, thirsty, hot, cold

Materials
CD 59–60; Family flashcards 21–26; Feelings flashcards 27–32

Warmer
- Begin the class by playing the Hello song to introduce the lesson.
- Play Snap! with Family flashcards 21–26 to revise the family words from the previous unit and to energize the class (see page 19).

Lead-in
- Use Feelings flashcards 27 to 32 to introduce the vocabulary for this lesson.
- Hold them up one at a time and say the words for children to repeat in chorus.
- Give the flashcards to six children. They take it in turns to stand up and show their card for the class to shout out the word.

1 Listen, point and repeat.  
(Oxford iTools: Digital classroom • Unit 5 • Words)

- Say Open your books and model the action for children to copy. Point to the feeling pictures.
- Play the first part of the recording (Listen and point). Hold up your book and point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
- Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
- Play the recording all the way through for children to point to the pictures and repeat the words.
- Hold up the flashcards one at a time and ask individual children to say the words.

Optional activity
- Use flashcards 27–32 to practise opposite words: happy/sad, hungry/thirsty, hot/cold.
- Hold up the card pairs and say the words. Put the card pairs on the board. Practise them with the class.
- Turn over all of the cards. Then turn over one of the cards in each pair so that only one card is visible. Elicit the words from the class until all the cards are visible.

2 Listen and chant.  
(Oxford iTools: Digital classroom • Unit 5 • Words)

- Play the recording for children to listen to the chant. Hold up your book and point to the pictures as you hear them.
- Play the chant a second time for children to say the words. Demonstrate an action for each word: happy (wave arms in the air), sad (mime crying), hungry (rub tummy), thirsty (mime drinking), hot (fan your face), cold (shiver).
- Divide the class into groups of six. Give each group a line from the chant.
- Say the chant with the class and do the actions for children to copy.
- Each group says their line in time with the audio.

CD 01, 70-71; Zoo animals flashcards 33-37; Phonics cards 22, 23 (Kk kangaroo, Ll lion); Cut and make 2 (PMB, page 23) materials (see Teacher’s Book page 91)

Warmer 01
• Begin the class by playing the Hello song to introduce the lesson.
• Play Do it! with Feelings flashcards 27-32 to revise the vocabulary from the previous unit and to energize the class (see page 20).

Lead-in
• Use Zoo animal flashcards 33-37 to introduce the vocabulary for this lesson.
• Hold them up one at a time and say the words for children to repeat in chorus.
• Hide the flashcards behind your back. Bring them out one by one. Children guess the word and shout out suggestions. Turn the card around when they have guessed correctly.
• Use phonics cards 22-23 to revise kangaroo and lion at the same time.

1 Listen, point and repeat. 70
• Say Open your books and model the action for children to copy. Point to the animal pictures.
• Play the first part of the recording (Listen and point). Hold up your book and point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
• Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
• Play the recording all the way through for children to point to the pictures and repeat the words.
• Hold up the flashcards one at a time and ask individual children to say the words.

Lesson Two

Lesson objectives
To ask the question What are they?
To answer They’re (bears).
To recognize plurals with s
To sing a song.

Language
Core: What are they? They’re (bears).

Materials
CD 72–73, Zoo animal flashcards 33–37; a sheet of paper for each child and some coloured crayons (optional)

Warmer
- Play Whispers with Zoo animals flashcards 33–37 to revise the vocabulary from the previous lesson (see page 19).

Lead-in
- Use Zoo animals flashcards 33–37 to introduce some animal sounds for the animal words.
- Put the cards on the board and point to each one in turn and elicit the word.
- Teach some sounds to go with each word and practise with the class: tiger (roar), bird (tweet), hippo (snap, snap), bear (grr, grr).

1 Listen and repeat. 72
- Hold up your pencil and say What’s this? Elicit It’s a pencil. Hold up two pencils and say What are they? Say They’re pencils.
- Practise the plural form using classroom objects and the children in the class, for example point to two boys and say How many boys? Two boys. Get the children to really emphasize the plural s.
- Hold up your Class Book and point to the picture. Point to the hippos and say What are they? They’re hippos.
- Play the recording and say the words in time with the audio.
- Play the recording again for children to repeat the words in chorus.
- Repeat and practise with all the animal pairs in the picture.

Transcript 72

Lesson Three

Lesson objectives
To recognize the upper- and lower-case forms of the letter p and associate them with the sound /p/.
To pronounce the sound /p/.

Language
Core: panda, pen
Extra: is, has got

Materials
CD 74–75; Zoo animals flashcards 33–37; Phonics cards 1, 2, 7, 27 (Aa apple, A Annie, Dd dog, Nn nose); Phonics cards 31–32 (Pp panda, pen); Sounds and letters poster

Warmer
- Use the Sounds and letters poster to revise the letter sounds /dʒ/ – /ʊ/.
- Children take it in turns to come to the front of the class. Point to the phonics /dʒ/ – /ʊ/ in turn for the child to say.
- Alternatively say a sound and the child points to a corresponding word.

Lead-in
- Draw dotted outlines of the letter P and p on the board.
- Facing the board, draw the letters in the air as you say the sound /p/. Children draw the letters in the air with you.
- Then join the dotted lines on the board and complete the letters P and p.
- Draw more dotted examples on the board and ask children to come and join the dots.

1 Listen, trace and point. Repeat. 74
- Say Open your books and model the action for children to copy.
- Play the first part of the recording for children to listen to the letter sound /p/.
- Point to the P and trace the letter with your finger. Children trace the letter with their finger in their books.
- Point to the p and trace the letter with your finger. Children trace the letter with their finger in their books (pause the track while they trace, if necessary).

Lesson Two

Lesson objectives
To ask the question Are they (waiters)?
To answer Yes, they are. No, they aren't.
To sing a song

Language
Core: Are they (waiters)? Yes, they are. No, they aren't.
Extra: dressing up

Materials
CD 82, 83; Jobs flashcards 38–42

Warmer 82
• Play the Jobs chant from Lesson 1 to revise the vocabulary from the previous lesson.

Lead-in
• Use the pictures in Exercise 2 to practise the structure.
• Point to the picture of the adult waiters and ask Are they waiters? Nod your head up and down elicit Yes, they are.
Point to the picture of the teachers and ask Are they vets? Shake your head from side to side and elicit No, they aren't.
• Practise the structure with the rest of the pictures.

1 Look and say.
• Hold up your Class Book and point to the Let’s learn! box. Read the question Are they builders? Nod your head and say Yes, they are. Children repeat in chorus.
• Read the second question Are they waiters? Shake your head and elicit from the class No, they aren’t. Children repeat in chorus. When the answer is No, they aren’t, ask What are they? to elicit They're (vets) etc.
• Ask pairs of children to ask and answer the questions for the class.

Optional activity
• Give the Jobs flashcards to five different children.
• Play the recording again for children to sing along. Each time the children sing their job word they hold the flashcard in the air.

Optional activity
• Give the Jobs flashcards to five pairs of children. Each pair holds up the card in front of them.
• Point to the different pairs in turn and ask the question Are they (vets)? for the class to answer Yes, they are or No, they aren’t. When the answer is no, write They’re on the board and elicit the correct word to complete the sentence, for example, They’re (builders). Invite a child to come to the board and complete the sentence with the correct word.

2 Listen and sing. 83
• Hold up your book. Point to the first picture of the children in Exercise 2. Explain that they are dressing up as vets. Model the words for children to repeat.
• Play the recording all the way through. Children listen as you sing along. Repeat the actions they learnt in Lesson 1.
• Play the recording again. As you sing, point to the pictures in the book and do the actions.
• Play the recording again for the children to sing the song, and do the actions.

3 Match, ask and answer.
• Hold up your book and point to the pictures again. Explain that you are going to find out what jobs the children are dressing up as.
• Point to the picture of the waiters on the left. Say What are they? Elicit They’re waiters. Trace the line with your finger to the picture of the children. Ask Are they waiters? Elicit Yes, they are. Repeat the question and answer for children to repeat in chorus.
• Repeat the same procedure with each picture. Model the question and elicit the answer Yes, they are or No, they aren’t. Then repeat the question and answer for children to repeat in chorus.

Lesson Six  (83 page 55)
Oxford Digital classroom • Unit 7 • Story

Skills development
To recognize and identify words
To read simple sentences
To develop listening skills by listening to a short story
To revise and consolidate language introduced in the unit

Language
Recycled: vocabulary and structures from the unit.

Materials
CD (83, 90: Jobs flashcards 38–42

Warmer (83
• Play the song from Lesson 2 to revise the vocabulary for this lesson.

Lead-in
• Give Jobs flashcards 38–42 to five pairs of children.
• Each pair takes it in turn to stand up, and give their flashcard to a third child. The children take it in turns to ask the third child Are they (teachers)? The child answers truthfully Yes, they are or No, they aren't until the questioner discovers the correct job.

1 Listen and read. (89
• Say Open your books. Play the recording. Pause after each frame for children to listen and point to the pictures.
• Play the recording again. This time pause after each line for children to point to the dialogue as they hear the words.
• Say each line for children to repeat in chorus. Encourage them to follow the words in their books.

Transcript 90

Optional activity
• Play Match to practise the vocabulary from the lesson (see page 20).

2 Read and say.
• Write Are they...? on the board. Place the builder picture card next to the words Are they.
• Point to each word and read slowly to elicit the full sentence Are they builders?
• Write the jobs words across the top of the board.
• Say Point to builders. When children point to the correct card, replace the picture card with the written word to form the full sentence. Read the sentence with the class.
• Continue in this way until you have practised all the jobs words.
• Point to the sentences in each frame and read them with the class.
• Ask one or two individual children to read a sentence to the class.

Optional activity
• Play a miming game. Children take it in turns to come to the front of the class and mime one of the jobs.
• The class guesses the job and calls out the word.

3 Listen again and repeat. Act. (89
• Play the recording once all the way through.
• Play the recording again pausing after each line for children to listen and repeat.
• Divide the class into groups of four to play the parts of Rosy, Tim, Billy and Mum. If the class doesn't divide exactly some children can play more than one character.
• Choose and demonstrate some actions for the story.
• Play the recording again for children to mime the actions.
• Children practise acting the story. Monitor and help where necessary.
• If you wish, ask one or two groups to come to the front of the class to act out the story.
• At the end of the lesson play the Goodbye song.
• Children mime the actions as they sing.

Story actions
• Picture 1: Billy is pointing. Mum is pushing the pushchair. Rosy is indicating with her hand.
• Picture 2: Rosy has her hand over her mouth because she's laughing. Billy is pointing. Tim is shaking his head. Mum is pushing the pushchair.
• Picture 3: Billy is pointing. Rosy is nodding her head. Mum and Tim are smiling.

Lesson objectives
To learn food words
To practise food words in the form of a chant

Language
Core: raisins, plums, crisps, cakes, milkshake
Recycled: apple, egg, lollipop, mango, orange

Materials
CD 101, 102; Clothes flashcards 43–47; Food and drink flashcards 48–52; Phonics cards 1, 9, 24, 26, 29 (Aa apple, Ee egg, Li lollipop, Mm mango, Oo orange)

Warmer
• Begin the class by playing the Hello song to introduce the lesson.
• Play Slow Reveal with Clothes flashcards 43–47 to revise the vocabulary from the previous lesson (see page 20).

Lead-in
• Use Food and drink flashcards 48–52 to introduce the vocabulary for this lesson. Use phonics flashcards to revise apple, egg, mango, lollipop and orange at the same time.
• Hold them up one at a time and say the words for children to repeat in chorus.
• Hide the flashcards behind your back. Bring them out one by one. Children guess the word and shout out suggestions. Turn the card around when they have guessed correctly.

1 Listen, point and repeat. 101
• Say Open your books and model the action for children to copy. Point to the Food and drink pictures.
• Play the first part of the recording (Listen and point). Hold up your book and point to the pictures in time with the audio. Children listen and point to the appropriate pictures.
• Play the second part of the recording (Listen and repeat) for children to repeat the words in chorus.
• Play the recording all the way through for children to point to the pictures and repeat the words.
• Hold up the flashcards one at a time and ask individual children to say the words.
• Identify the apples, eggs, lollipops, mangoes and oranges in the picture and use the phonics cards to revise the words in the same way.

The Photocopy Masters Book contains Extra Handwriting and Values worksheets for each unit, and three Cut and make activities.

The Extra Writing worksheets can be used after Lesson 3 in each unit, and the Values worksheets after Lesson 6. Information on the values element of this course can be found in the introduction to this Teacher's Book.

This page gives information on how to use the Cut and make activities. There are directions to the Cut and make activities at the relevant places in the unit notes.

Cut and make 1 (Unit 2)
Desk tidy  PMB PAGE 22

Materials
One photocopy of the desk tidy cut-out and an A4 piece of card per child, coloured pencils or crayons, scissors and glue.

Method
• Children stick the template of the desk tidy onto the piece of card and cut it out.
• Then they colour the pencils and the background on the template.
• Demonstrate how to fold the template along the dotted fold lines. Then demonstrate how to fold and glue the tabs to hold it in place.

Activities
• Use the desk tidy to practise colours and school vocabulary. Tell children to put their pencils and crayons in their desk tidy.
• Do a simple question and answer activity. Ask individual pupils How many (red) crayons in your desk tidy? How many pencils in your desk tidy? Elicit two red crayons, one yellow crayon, three pencils, etc.

Cut and make 2 (Unit 6)
Bird in a cage spinner  PMB PAGE 23

Materials
One photocopy of the bird in a cage cut-out per child, coloured pencils or crayons, scissors and glue. 1 cellophane sheet per child (optional).

Method
• Children cut out the circles with the picture of the bird and the cage and colour them.
• Demonstrate how to glue each circle to either side of a pencil so that the bird is visible on one side and the cage is visible on the other.
• When finished it should look like a lollipop.
• Using your own spinner, demonstrate how to roll the pencil rapidly back and forth between the palms of your hands to make the bird appear in the cage.

Activities
• Play the song from Lesson 2, Children hold up their milkshakes drinks mat when they sing the word.

Cut and make 3 (Unit 9)
Drink mats  PMB PAGE 23

Materials
One photocopy of the drink mats cut-out and an A4 piece of card per child, coloured pencils or crayons, scissors and glue. 1 cellophane sheet per child (optional).

Method
• Children stick the template of the two drink mats onto the piece of card and cut them out.
• Then they colour the milkshake and jug on each drinks mat.
• If you would like to make the drink mats waterproof, give each pupil a sheet of cellophane. Ask pupils to cut out four squares the same size as their mats. Demonstrate how to peel off the backing and stick one square to either side of the drink mat.

Activities
• Children hold up one of their drink mats and make a sentence to say to the class, e.g. I like milkshakes. I've got a jug. This is my milkshake, etc.
Words in bold are core words that children will be able to use actively by the end of each unit. The remaining words are those they will have come across in songs and stories.
