The *Success* Placement Test is designed to help the teacher to place students at the right level of the *Success* series.

It contains 100 Multiple Choice questions and is designed to last for an hour.

If students get less than 60% of the answers right, they should use *Success* Elementary. If they get more than 70% of the answers right, they should use *Success* Pre-Intermediate. 60-70% of right answers puts students in the middle of the two levels and your decision as to where to place these students should depend on the level of the rest of the class.
Circle the correct answers: A, B, C or D as in the example 0.

0  Silvie ______ from Spain.
